

# GOING ON A TRIP

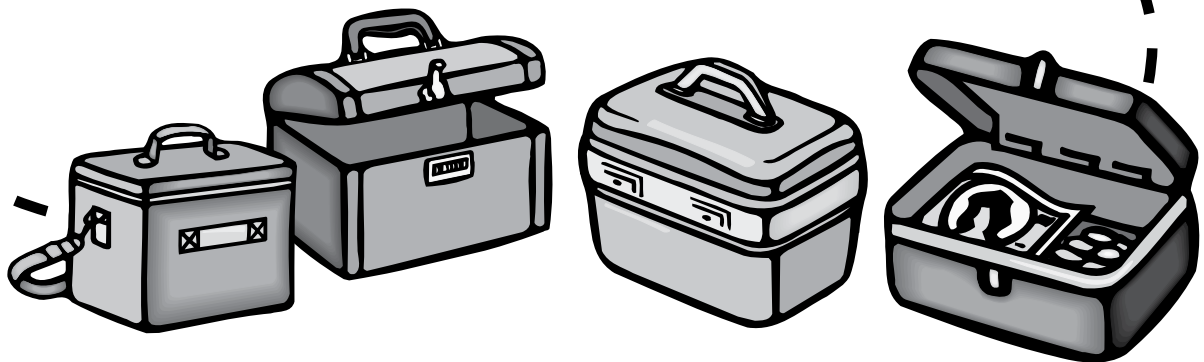

Pretend that you are a travel agent and design an itinerary for a trip to a province or territory in Canada!

Create a travel package that includes:

- the travel route you would take from where you live.
- an itinerary for your trip with a list of places to visit.
- an explanation of why you are traveling to that destination.
- travel tips.

## Travel Research Tip

Look at the Canada VIA Rail train schedules on [www.viarail.com](http://www.viarail.com) to help plan a train route to the Canadian destination of your choice.

## Brain Stretch:

Choose an international destination and design an itinerary and travel package.
