

Nature Walk Scavenger Hunt

Walk around the neighbourhood. See if you can find everything!

Here are some discussion starters to make connections with the Lorax.

- o How are the trees in your neighbourhood different from Truffula Trees?
- o Can you spot an animal?
- o What can you do to help Nature? (e.g., pick up litter off the ground)

Put a checkmark or an X through the objects you find as you go.

			
Rock	Recycling Bin	Bird	Pinecone
			
Pine Needles	Twig	Footprints	Animal Tracks
			
Tree Bark	Ice	A Tree Without Leaves	An Evergreen Tree
